Critical Information Summary

Information about the service

This is an IP Voice service which requires either the outright purchase of Vonex IP Handsets or the setting up of a Handset Repayment Purchase of Vonex IP handsets over 24 months. The price of the handsets is listed on the current 'Approved Handset Price List' as amended from time to time. • Plan/Access fees are charged in advance on sign up, your monthly email bill is issued on the anniversary of activation. • Direct debit is mandatory, this can be via credit card or bank account, with payments deducted 4 days after your email bill is issued. • If payment bounces services will be suspended until payment is corrected, a \$10 fee may apply. • An ADSL2+ connection is required for use of the quality of service may be affected by the internet connection, firewall and other matters outside of the control of Vonex. • Whilst calls to 000 can be made, the Vonex IP Voice service cannot be relied upon as an emergency service. Calls to 1900, back to base alarms, fax services, and EFTPOS systems cannot be used with Vonex IP Voice. • Only Vonex approved and supplied handsets (locked to Vonex) may be connected to the Vonex service. • The main PSTN number may be ported to Vonex, a one off porting charge of \$30 per number or \$130 per 100 number indial range will apply, PLUS a monthly number hosting fee of \$55 per 100 indial number range. Your former carrier may also charge a 'porting out' fee. • This service is available for Business customers with a valid ABN with a maximum of 8 extensions for standard business usage. Not available for commercial or non standard business use, i.e. telemarketers or call centres. • If a service is disconnected, the recurring monthly access fee is charged until the end of the billing cycle in which the service is discontinued. • If a customer withdraws the Customer Service Guarantee Waiver (shown at www.vonex.com.au) Vonex is under no obligation to provide the service requested. • Uptime Guarantee: This applies if you have connected your service according to Vonex's minimum recommendations, which is with Quality Assured equipment (as shown on our hardware price list), a dedicated DSL2+ (minimum) connection for the IP traffic and our hosted iPBX configured by our inhouse team. The amount of downtime during a calendar month will be determined by our upline iPBX provider and does not include any scheduled maintenance our upgrade outages. If this is more than 0.01%, on application, we will credit you double the value of the time that was down dependent on the plan that you are on at the time of the outage. If your internet connection or local power supply is at fault this does not qualify. • Offer subject to the Vonex fair use policy, for full details visit www.vonex.com.au

Information about pricing
